

JOHN-MARC HAMILTON

Cinematographer / Photographer / Sound Recordist

 me@john-marc.com  www.john-marc.com  416-816-9427

OVERVIEW:

I have a strong creative design background with extensive training and experience in typography, print and digital page layout, 3D animation, photography, logo creation, as well as video and audio editing hardware and software applications (Final Cut Pro, DaVinci Resolve, Digital Performer, Logic Pro, Photoshop, etc.). I am also a solid technical problem solver, whether in audio/video or design and programming.

VIDEO EXPERIENCE:

Camera Operator / Music Producer | Jackson|Hamilton video & CraveMusic studio | Toronto, ON

Freelance videographer, specializing in on-site live recordings, full performances, and interviews. With a strong background in audio recording, I also bring a wealth of knowledge and experience for capturing live audio, whether for film, interviews, or live bands. Clients and projects include Canadian Food Services, Sisters of Salome, Alien Cosmic Expo, Life Well Spent, many live performing bands, a number of smaller corporate video productions, along with feature length and short films.

- on-site sound recordist for short and feature length films;
- engineered, mixed, and produced three full-length music CDs;
- multi-camera videographer and technical supervisor for live performances;
- produced live Internet streaming events combining live cameras and video telephony;

PHOTOGRAPHY EXPERIENCE:

Event Photographer | Explore It, Inc. | Toronto, ON

Contract photographer for after-school programs and classes, including live performances, poster shots, and behind-the-scenes images from children's stage performances and in-class learning seminars.

Photographer | xrays photography | Toronto, ON

Freelance photographer, specializing in on-site and studio work, featuring product and lifestyle photography for clients to use online as well as in print advertisements. Clients include The Toronto Consort, SnazzyGirl, Urban Blonde, Domestic Goddess, World Enduro Canada, Candy Venning Landscaping, Kember Store Metals, as well as a few weddings and local performing musical artists. I am also a contributing photographer to iStockPhoto.com.

Event Photographer / Web Designer | World Enduro Canada | Parry Sound, ON

Photographer for W.E.C. event in Parry Sound over the four-day weekend, two years running. Designed and published their first official website as well as posting daily photos online. My photos were also published in *Motorcycle Mojo Magazine* accompanying a related article.

ADDITIONAL EXPERIENCE:

Art Director | Crave Media, Inc. | Toronto, ON

Multimedia company specializing in internet applications. Interactive and creative design for award-winning multimedia-based applications primarily on the internet. Focusing on complete programming, design, and layout of interactive presentations for such clients as Apple Canada, Bell Canada, Credit Union Central, Devine Entertainment, Ministry of Municipal Affairs and Housing and Ministry of Finance, Scotiabank, and Signature Vacations.

Programmer / Database Management | Empirical / C3 Communications | Toronto, ON

Designed and programmed administration interfaces for managing large media websites, developed a proprietary code-base for website implementation, and consulted on website integration with clients as well as basic tutoring of clients for the operation of the new interfaces. Client projects include the Canadian National Exhibition, Resorts Ontario, and the Toront03 Alliance.

Creative Director / Programmer | Sierra Creative Communications | Toronto, ON

Electronic media-based communications. Designed interfaces for kiosks distributed throughout Toronto and the U.S. for Cineplex, Cadillac-Fairview and Avery Denison. Specialty projects included promotional material for Toronto photographer Shin Sugino, as well as a publicity CD-ROM for Graphic Exchange's *Digital Bridge* (a Toronto-based media magazine).

Senior Animator | Kinetix Digital Animation and Design | Toronto, ON

Broadcast animation and video effects. Storyboarding, modeling, animating and producing various animations as promotional material for the company. Created large-format 3D renders for print promotional material and a concept cover artwork for *LINK Magazine*.
